INTRODUCTION:

LEARN ENGLISH: PLAY FOOTBALL

“The experience of a lifetime” is how many of our students have described their English and Football camp. Our intensive two week courses are crammed full of activity and education, providing a spring or summer study break in England that will be remembered forever.

In the morning students receive football coaching from the world-famous Manchester United Soccer Schools. No matter what their ability, they undergo a comprehensive course covering technique, tactics, physical, mental and social elements of the game, in a fun and friendly atmosphere. Our students never forget learning to play the United way!

Being shown how to play the United way, the excellent set up by the coaches, and the way they made the kids feel very welcome was excellent also.

Fintan Stears

I would like to thank you very much for all your support to Hossam during his stay in Manchester, The overall camp was very good. Hossam and some other friends are already preparing to attend next year

Alaa – Egypt

Accommodation in one of our carefully selected regional centres completes the experience along with various activities and excursions. Students discover England, stay active and speak English – the perfect combination for a study break.

We are highly experienced at providing English & Soccer camps. We take great pride in the quality and content of our courses as well as the care of our students. From the time they arrive at the camp, to when they are packing their bags on the last day, our students are well looked after, active, motivated and happy.

ENGLISH LANGUAGE LESSONS

Our English language classes are unique in that they offer a tailor-made curriculum focused around football and created by Oxford University Press, world leaders in publishing educational materials for students of all ages.

The curriculum is designed in such a way that the students will be learning more effectively because the subjects covered in the lessons are all related to something they are already interested in.

All this will be delivered by high-quality and enthusiastic teachers, who will motivate children throughout the lessons.

At the start of the course each student is given a short English language test to determine their ability.

This enables our course directors to put each student into a small class (maximum 16 students) along with other students who are at the same level. The teacher can then deliver the appropriate curriculum targeted at their level.

At the end of the programme all the students will be able to see clear improvements in their level of English language skills and they can bring home their workbook to show their parents and friends all the new things they have learned on the camp.

- ▶ Number of students per group:16
- ▶ Students in groups according to: English language ability
- ▶ Number of hours of English tuition per week: 12.5
- ▶ English language skills covered: Speaking, reading, writing, vocabulary and grammar
- ▶ Support materials provided: personal workbook written by Oxford University Press

I would like to thank you for these two weeks at Manchester. Alex is very satisfied and happy – he'd love to stay longer. I appreciate all your efforts to arrange this event and very much appreciate the local staff efforts to keep the boys busy and happy same time. The conditions of stay (premises, food) was very good as well. Alex has been very much excited with this opportunity to get some taste of English football. Looks like we will be in touch next year as Alexander may wish to repeat his course. So just let me know when you start the next year enrolment.

Manchester United is a club with a long tradition of developing young footballers. From the Busby Babes in the 1950s to the Class of '92 under Sir Alex Ferguson, the club has a proven track record of producing home-grown talent. Times may have changed but the philosophy remains the same; to nurture young talent and turn them into first team and hopefully international footballers.

United's dedication to youth development runs throughout the whole club. From the first team to the Academy teams to our Manchester United Soccer Schools, all the coaching staff at Manchester United share the same vision; to coach players to produce high quality attacking and exciting football.

This is a very fun course I learnt a lot about both football and English. The coaches were fantastic, they helped us develop our personal skills and also tactics. The English teachers and their methods were wonderful. My English level has increased after this course.

Vincent Chan – 14

Our objective is for each individual to attain their optimum level of performance and benefit from being coached the 'Manchester United Way'.

All activity is directed to the developmental age of the participant. Programmes will be challenging but achievable, guaranteeing that each child leaves our course with a raised self esteem and most importantly having experienced fun and enjoyment.

The Manchester United Soccer Schools team are expert coaches. They have all been through a rigorous qualification and selection process in order to guarantee the quality of the coaching delivered to each and every player. They have experience of coaching children of all nationalities and abilities and in 2011 over 2000 children from more than 75 different nationalities attended a Manchester

United Soccer Schools residential camp. The residential camps are a complete global soccer environment with English being the spoken language.

At the camp each player will be put into a group of 16 players, all of a similar age and they will stay with the same coach for the entire two week course. This enables the coach to really get to know his players and in turn he can then bring out the best in each and every child.

Although the course is not part of any of the Manchester United recruitment process, one child from each camp will be selected as the winner of the skills test and will then be invited back to the World Skills Final, which takes place at the Carrington training facility and on the pitch at Old Trafford on the day of a Premier League match.

FREQUENTLY ASKED QUESTIONS

Will my child get spotted by Manchester United and become a Manchester United player?

The main focus on every Manchester United Soccer Schools course is that all children achieve success regardless of ability. The courses are not specifically designed as talent identification camps. However, we are confident that every child will leave the courses with the knowledge and skills to become a better player.

Will I meet any Manchester United players?

I'm afraid not – Manchester United players do not attend these camps. However, if your camp dates coincide with a Manchester United match, we will always try to arrange for the group to attend. Also, you could win the Skills Test and have the opportunity to play at Old Trafford during a Premiership match!

My English is not very good – is that OK?

Some of our students have very limited English language skills but still have a great time on our camps. The soccer coaches can easily demonstrate all of the skills and our English language teachers are trained to work with students from beginner right up to advanced level. In 2011 we hosted students of over 75 different nationalities – all interacting together to improve their communication skills in English.

When students arrive at the camp they are given a short English language test to determine their level and ability. Students are then put into small groups (maximum 16 per group) according to their ability. This enables our staff to adapt the curriculum and the lessons to suit the ability of all the students in the class.

Thanks Manchester for uniting us around the world. Good quality, good passion.

Phakiso Ratsiu –
Residential Course

Will my soccer ability be good enough?

These courses are open to players of all abilities. The Manchester United Soccer Schools coaches are not only UEFA qualified but they are also highly experienced at coaching children from different nationalities. They are able to get the best out of all the players. Participants should expect an intensive programme that will improve their football skills. For the soccer sessions the students are grouped according to their age group.

How much pocket money should I bring?

This is entirely up to the student and their parent/guardian. All the food and accommodation is provided, along with all the excursions. Students may wish to bring some money to buy souvenirs, Manchester United merchandise, extra drinks/snacks. Around £100 per week is a guideline figure.
